EDUCATION

Bachelor of Science in Computer Science
Adi Kavi Nannaya University

08/2021 - 05/2024 *Amalapuram*

Intermediate in MPC
Educare junior college

07/2019 - 04/2021 *Nagaram*

PERSONAL PROJECTS

Weather Monitoring Application ↗
- **Technologies Used:** ReactJS, OpenWeatherMap API, JavaScript, CSS, Vercel
- Developed a real-time weather monitoring system displaying daily summaries for major cities in India using the OpenWeatherMap API.
- **Key Features :**
- Customizable alerts for temperature, humidity, and more.
- Real-time notifications for weather exceeding user-set thresholds.
- Interactive weather visualizations and responsive UI for desktop/mobile.
- Deployed on Vercel for optimal performance and hosting.
- GitHub | Live

Student Portal UI ↗
- **Technologies Used:** ReactJS, CSS, JavaScript, Figma
- Designed a pixel-perfect student portal UI based on Figma designs. Implemented features like class schedules, announcements, and quick links, enhancing the user experience.
- **Key Features :**
- Created a responsive UI for desktop and mobile.
- Integrated dynamic React components like class schedules and announcements.
- Built using ReactJS for dynamic content and CSS for precise styling.
- Showcased front-end skills by writing clean, reusable code and fine-tuning visual details.
- GitHub | Live

SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), ReactJS, Bootstrap, Tailwind CSS

Version Control: Git, GitHub   Deployment: Vercel

Development Methodologies: Agile, SDLC

Project Management: Jira, Asana

IDE/Tools: Visual Studio Code, Android Studio

Other Skills: Problem-solving, Rapid Prototyping, Cross-Browser Compatibility, Responsive Design

ACHIEVEMENTS

Successfully completed a React bootcamp under the mentorship of industry experts.

Recognized for implementing optimized, responsive solutions during project deployments.

Deployed all personal projects on Vercel for high performance and reliability.
